Re: Purse-seine fishing for mackerel

Posted by Joe Arceneaux - 2011/09/30 00:22

Does anyone at SPC have experience with purse-seine fisheries for small pelagics (mackerel or squid)?

How big (now many kgs) of a sample can observers process in a reasonable amount of time? ROK is planning to start a domestic observer program to monitor p-s fishery for mackerel managed under a vessel quota system.
