

UF – Upper Jaw to Caudal Fork

US – Upper Jaw to Anterior base of Second Dorsal

PS – Anterior base of Pectoral fin to anterior base of second dorsa

**LENGTHS** should be measured to 1 decimal place, if possible

**Length code** describes what parts of the fish or animal are actually measured

Code    Description

- UF - Upper jaw to fork in tail
- US - Upper jaw to second dorsal fin
- LF - Lower jaw to fork in tail
- PF - Pectoral fin to fork in tail
- PS - Pectoral fin to second dorsal fin
- TL - Total length (for sharks)

measure the pectoral and second dorsal fins  
at the most forward points  
that they attach to the body

Collect "UF", "US" and "PS" for tunas  
Collect "LF", "PF" and "PS" for billfish
