7. IN PORT - OTHER (PLEASE SPECIFY)
8. IN TRANSIT TO ANOTHER PORT
9. AT SEA - TRANSHIPMENT
10. FISHING TRIP, but targeting non-pelagic species (e.g. deepwater snapper, reef fish etc)
SPC / FFA REGIONAL FISHING TRIP / PORT VISIT LOG - INSTRUCTIONS

Block One: Vessel Identification

Country of Registration and Registration Number in Country of Registration: Print the name of the country in which the vessel is registered (e.g. “Japan”) and the registration number issued by the country in which the vessel is registered (e.g. “ME1-808”).

Year: Print the year in which the vessel departed from port at the start of the trip.

Block Two: Vessel Fishing Trip / Port Visit

Periods when the vessel was at sea fishing or was in port must be completed in this block covering the entire year.

IT IS FUNDMENTAL THAT PERIODS WHEN THE VESSEL WAS NOT FISHING ARE LISTED ON THIS FORM.

Please note that a fishing trip is terminated when a full or partial unloading is undertaken, and that this therefore includes any at-sea transhipments.

The period the vessel was in port and the main reason for remaining in port must be specified in the space provided.

Period – Date from and Date to: Print the date that either (i) the fishing trip commenced (i.e. departure from port) and the date of return to port, or (ii) when in port, the date that a specific “in-port” activity began and ended (for example, unloading the catch). Note that the first day on this form for a vessel must be January 1st and the last day must be 31st December for any given year. All days in the year must be accounted for in the periods recorded.

Fishing Trip and Port Visit Code: Use Activity Code 1 (‘Fishing Trip’) for periods when the vessel undertook a fishing trip. Use the appropriate Activity Code between 2 and 8 (as listed) for any period that the vessel was in port (i.e. not undertaking a fishing trip).

Logs sheet provided?: For periods when the vessel was fishing (i.e. on a “fishing trip”), indicated whether the a catch logsheet was provided.

Comments: Print any comments relevant to this period of activity.
