

# SESSION 7.3

## TUFMAN National Fleet

First TUFMAN Training Workshop (TTW-1)  
3-7 December 2012  
SPC, Noumea, New Caledonia

# Presentation outline

- How the national fleet is setup in TUFMAN
- Managing the national fleet
  - Vessels
  - National fleet dates

# NATIONAL FLEET

- All vessels that are nationally flagged
  - Domestic vessels
  - Joint venture
  - May or may not fish in national waters
- Countries obliged to report on these vessels to WCPFC.
- National Fleet module of TUFMAN
  - Easy to setup and maintain
  - Must be done regularly and carefully
  - Incorrect setup will result in national fleet catch estimates being incorrect

# National Fleet Setup

- Simple list of vessels with 'date from' and 'date to' in the national fleet
- Generally only 1 line per vessel covering the entire period in the national fleet

# Managing the National Fleet

- Key
  - Ensure all vessels are in the list
  - Make sure that the date from
- Some vessels may be in the list more than once

Example:

## Vessel 1:

- Continuously in the fleet from 1-Jan-2005 and still current as at 2012

## Vessel2:

- Started in national fleet on 1-Jan-2005 but left the country 31-Dec-2007 to fish as a chartered vessel
- Returned to fish in national waters and re-flagged as national on 1-Jan-2010, still current

## National Fleet Entries:

Vessel	Date from	Date to	Active
Vessel1	1-Jan-2005	31-Dec-2012	Yes
Vessel2	1-Jan-2005	31-Dec-2007	No
Vessel2	1-Jan-2010	31-Dec-2012	Yes

# Managing the Dates

- Dates are vital to reporting
  - Date From : when the vessel started fishing as part of the national fleet, i.e. was fishing and flagged as national, either as a domestic vessel or under charter
  - Date To : when the vessel stopped fishing as a national fleet vessel, or if it is still fishing then you would set this to the end of the current year
- ‘Current’ vessels should have a ‘date to’ in the future, e.g. end of the year, or end of licensing period etc.
- When a new year rolls over, must update ‘date to’ of all current vessels, and add any new vessels.
- TUFMAN has 3 functions to help with National Fleet list updates
